

Houston-The Woodlands-Sugar Land, TX

2021

Mean Appraised Value

\$ 369,360

Mean Appraised Value in
Communities of Color

\$ 257,049

Mean Appraised Value in
White Neighborhoods

\$543,716

Appraisers determine a home's value by taking into consideration the property and neighborhood characteristics. To make an "apples to apples" comparison, we use a regression model that takes into consideration neighborhood housing stock (e.g., size, type, age), socioeconomic status (e.g., property owners, employment rates, poverty), and amenities (e.g., retail stores, entertainment, services, parks). The above estimates are the mean appraised values in the metropolitan area for neighborhood with average housing stock, socioeconomic, and amenities.
